

ACTION CIRCLES are made up of individuals who share

- a common dream,
- leadership,
- equality,
- resources,
- power,
- challenges & successes

CIRCLE PRINCIPLES:

Create and honor sacred space
Speak one at a time -- openly, honestly and from the heart
Listen from the heart without judgment
Make decisions by consensus when possible

SELF-ORGANIZING PRINCIPLES:

Whoever participates are the right ones
Whatever happens is what is meant to happen
Whenever it starts is the right time
When it's over, it's over

ROLES & TASKS ARE SELF-SELECTED

and carried out by those who have the interest, skills and accountability. Some roles are: facilitator, fundraiser, note taker, speaker, writer, researcher, analyzer, community bridgebuilder, point person.

Law of Attraction

What we give our attention to is what we attract to ourselves.
Keep focused on positive intentions and outcomes.

Create win/win situations using **Power-With** rather than Power-Over
Keep what works, let go of what doesn't
Balance **Doing** with **Being**
Celebrate all successes and have fun.
